

Desert Hills Hosts Free Memory Screenings

Event Stresses the Proper Detection and Treatment for Dementia

HEMET—Desert Hills Memory Care Center will hold memory screenings at 25818 Columbia St., on Wednesday, June 10, from 9 a.m. to 11 a.m. Advanced reservations are required for the free screenings.

Anyone concerned about memory problems or interested in memory care is urged to take a free screening that takes only five to 10 minutes to complete. A screening consists of a series of simple questions and tasks, and is administered by a qualified healthcare professional.

The tests are noninvasive and completely confidential, and they do not represent a diagnosis. Desert Hills advises those individuals who score poorly or who have normal scores but are still concerned, to follow up with their physician or another qualified healthcare professional.

Reservations for screenings are required by June 9. For more information or to R.S.V.P., call 951-652-1837.
