Barbara B. - Dec. 5th
Edward K. - Dec. 10th
Juan U. - Dec. 25th
Eva H. - Dec. 29th
Paulina C. - Dec. 31st

December is the twelfth month of the year in the Gregorian calendar, even though its name suggests otherwise.

Decern is the latin word for "ten," hearkening back to when December was the tenth month of the year. When January and February were added to the calendar, December became the last month of the year. December has the shortest day daylight hours each the year in the northern hemisphere and the longest daylight hours of the year in the southern hemisphere.
