Good Friends Make Good Neighbors Program

Seniors love living at Inland Point and since our residents are often our best spokespersons, we've created this Program to show our appreciation.

When an Inland Point resident or family member refers a new potential resident* to a Cascade Living Community and that person moves in for at least 90 days, the referring resident will receive a \$1000 credit applied to their base rent.

*In order to qualify as a new potential resident, the person being referred may not already be on our contact list. To make a referral, and ensure you receive a credit for making introduction, please provide your name and the name of your friend or family member to our Executive Director or Community Relations Director prior to the inquiry or tour.

Daffodils

The botanical name for the daffodils is narcissus, named after the beautiful youth in Greek mythology who was tricked into falling in love with his own reflection. The drooping flowers that characterize most daffodils are said to recall Narcissus bending over to catch his image in a pool of water.

Daffodils are easy and reliable spring-flowering bulbs. They multiply quickly and return to bloom again each spring, year after year. They are not fussy about soil, will grow in sun or part shade and are not bothered by deer, rabbits and other pesky critters.

Daffodils are said to symbolize friendship but also new beginnings. They are one of the first signs of Spring and are also strongly associated with Easter because of this reason. In China, the daffodil symbolizes good fortune and they are the official Chinese New Year symbol.

Irish Blessing

“May the luck of the Irish
Lead to happiest heights
And the highway you travel
Be lined with green lights.
Wherever you go and whatever you do,
May the luck of the Irish be there with
you.”

Resident Spotlight

Jan Gray

My name is Janice Kayahara Gray. I was born in San Francisco on October 12, 1935- a lucky milestone according to my Japanese heritage. I have lived in Los Angeles, San Fernando, and Lone Pine California, along with Gila Bend and Chicago Illinois. I moved back to San Francisco and then to Los Angeles in 1951.

During my years of early education, I attended 8 schools, graduating from Dorsey High School. I was lucky to attend UCLA when there was no tuition, \$36 per semester, "incidental fee" and \$350 per year for graduate school.

I met my valentine love, Herbert Gray, M.D., a U. S. Navy, Korean War Veteran in Los Angeles. We have 2 beautiful boys and one granddaughter. Herbert and I worked in healthcare for 25 years in California and 20 years in Northwest Montana. We loved flipping old houses, gardening, camping, building our passive solar house and playing outdoor sports with the children.

After retirement we returned to the coast in 2004 where I lost Herbert in 2016. I love sewing, painting, and cooking; but that's all in the past. Now I can enjoy other peoples' artwork and hobbies. I still like to read. I've been an Inland Point cottage resident for 6 months and I enjoy living here.
