Good Friends Make Good Neighbors Program

Seniors love living at Inland Point and since our residents are often our best spokespersons, we've created this Program to show our appreciation.

When an Inland Point resident or family member refers a new potential resident* to a Cascade Living Community and that person moves in for at least 90 days, the referring resident will receive a \$4000 credit applied to their base rent.

* In order to qualify as a new potential resident, the person being referred may not already be on our contact list. To make a referral, and ensure you receive credit for making introduction, please provide your name and the name of your friend or family member to our Executive Director or Community Relations Director prior to the inquiry or tour.

Stitched Across the World

Quilters all around the world will be piecing together fabric into wonderful creations on March 21, Worldwide Quilting Day. During its heyday in the American mid-19th century, quilting was a utilitarian craft. According to Emporia State University's Center for Great Plains Studies, westward homesteaders, inheritors of many great European quilting traditions, fashioned blankets, door and window covers and play mats for children out of whatever scraps of fabric they could find. Quilters learned to arrange fabric to make wonderful works of art. And because blankets were always needed as a means of protection against the elements, quilting never went out of style. A number of quilting bees will no doubt be held on March 21, so be ready to cut your favorite patterns—Irish Chain, Log Cabin, Bear's Paw, or Tree of Paradise.

Resident Spotlight

Pat Miles

I was born in Revena Ohio, July 4, 1937 and along with my sister, my parents moved to Oregon when I was about three years old. I have four children and two step-children. I attended school in North Bend, Sutherlin and Glide, graduating in 1955. Over the years I've worked in a hospital, skilled nursing facilities and my husband and I managed 5 mobile home communities in the Cottage Grove, Lebanon, Albany and Eugene area. We retired in 2000 and moved to North Bend to take care of my mom who eventually moved into Inland Point Assisted Living. I couldn't have ask for any better care for her. I too, belong to the Galpal group for 20 years as Cheri mention in last month's newsletter. I enjoy sewing, doing volunteer work and cleaning along the highway which I did for nearly 21 years from Nipperville to the Hill Top House Restaurant in the Glasgow area. When my husband passed away, I moved here to independent living which has turn out to be absolutely wonderful.

March Horoscopes and Birthdays

In astrology, those born between March 1–20 are Pisces. These Fish are spiritual types who feel comfortable in their introspective natures. As passionate, romantic, creative dreamers, they are charitable helpers who “go with the flow.” Those born between March 21–31 are Rams of Aries. As the first sign of the zodiac, Arians charge out of the gate with energy, confidence, power, and zeal. As pioneers, Arians are unafraid of the unknown. For these eternal optimists, no odds are ever considered insurmountable.
